

SCAMPER to Create Something New

Sometimes making something new begins with a product you already know. When you SCAMPER, you work to think of ways you can change a product into something of your very own!

In the table below, each letter of SCAMPER represents a way that you can change an existing product. Answer the questions in the second column of the table by putting your own notes and ideas in the third column. For the final question in the table, describe what you made!

	What is the product?	
S	What are some ways you can make substitutions ?	
C	What are some combinations that you might make?	
A	How can you adapt the product?	
M	How can you modify the product?	

P	How can you put the product to another use ?	
E	What could you eliminate ?	
R	What could you reverse ?	
	What did you create?
